

Animal cards

Illustrated vocabulary to cut out

Contents:

- 36 vocabulary cards to cut out
- A4 format, 12 cards per page
- Suggested age: 3-8 years

Print on A4 and cut along the dotted lines. Recommended: laminate to reuse.

Guide for teachers and families

WHO IT IS FOR

Preschool and early primary (ages 3-8). Also for newcomer classes and vocabulary support.

GOALS

- Grow animal vocabulary in English.
- Match picture and written word (whole-word reading).
- Build fluency in spoken language.

ACTIVITIES WITH PROGRESSION

Starter level

Show the card and name the animal. The children repeat. Then show only the word and ask which animal it is.

Intermediate level

Memory game: print two copies and play matching picture-word pairs. Or sort by habitat, size or diet.

Advanced level

Describe an animal without naming it and the children guess it. Or write simple sentences with three cards picked at random.

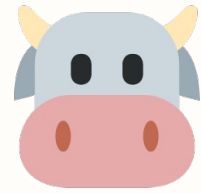

Print on A4, cut along the dotted lines and laminate the cards to reuse them. Cardstock keeps them sturdier.
