Guide for teachers and families

WHO IT IS FOR

The whole class (ages 3–8). All 30 cards are different: nobody has the same card.

GOALS

- Reinforce animal vocabulary by listening.
- Train attention and active listening.
- Practise game rules and taking turns.

ACTIVITIES WITH PROGRESSION

Starter level

Call the cards while showing the picture. The children mark with counters, beans or lids.

Intermediate level

Call only the word, without showing the picture. Whoever completes a row and then the full card wins.

Advanced level

Let the children call the cards. Or play with definitions: instead of the word, describe the animal.

Print on A4 (2 cards per page), cut in half and laminate. Reusable all year with counters or beans.
