ACTIVITIES WITH PROGRESSION

Starter level

Name each vehicle with the card. Then show only the word and guess which one it is.

Intermediate level

The sorting mat: place the cards on the Land / Air / Sea page. Any debatable cases? Talk about them.

Advanced level

Count how many wheels each vehicle has and order them. Or think up routes: 'how would we get from Barcelona to Havana?'

Print on A4, cut out and laminate. The sorting mat works best laminated on the floor or on a table.
